LONDON BOROUGH OF SOUTHWARK

PROPOSAL FOR A VARIATION OF LONDON BOROUGH OF SOUTHWARK SMOKE CONTROL ORDER 2009

TO BE MADE UNDER SECTION 18 OF THE CLEAN AIR ACT 1993

The London Borough of Southwark Smoke Control Order 2027

1. Southwark Council hereby GIVES NOTICE that it proposes to make the above Order, in the exercise of its powers under Section 18 of the Clean Air Act 1993 ("the Act"), as amended by Section 73 of the Environment Act 2021, to vary the previous Smoke Control Order listed in Schedule 1 and to declare its area to be a Smoke Control Area.
2. The proposed Order entitled the London Borough of Southwark Smoke Control Order 2027 would come into force on a date not less than six months after it is confirmed by the Secretary of State, or such later date as the Council may specify.
3. The area covered by the proposed Order is to be within the administrative boundary of the London Borough of Southwark, including any waterways where vessels may be moored, subject to consideration by the Council of any objections, which are not withdrawn.
4. If, on any day after the proposed Order comes into operation, smoke is emitted from a chimney of any building or from the chimney of any vessel moored within the area covered by the Order, the occupier of that building or vessel will be guilty of an offence and liable to a fine under Schedule 1A to "the Act" (Penalty for Emission of Smoke in Smoke Control Area in England) unless they can demonstrate that the emission of smoke falls under one of the specific defences outlined in "the Act".
5. If, on any day after the proposed Order comes into operation, any person acquires for use in a fireplace other than an exempted fireplace, or sells by retail for delivery, unauthorised fuel within the area covered by the Order, they will be guilty of an offence and liable to a Level 3 fine on the standard scale for acquiring, or an unlimited fine for the other offences. However, in the case of an offence involving the sale of unauthorised fuel for delivery, it must be a defence to prove that they believed, and had reasonable grounds for believing, that the fuel was acquired for use in an exempted appliance (commonly also referred to as a "fireplace").
6. The Order ("London Borough of Southwark Smoke Control Order 2009"), specified in the First Schedule varied by the Proposed Order, will cease to have effect from the date the proposed Order comes into operation. Reference Note to 2009 Smoke Control Order, for information only and not forming part of the above Proposal for a Variation of London Borough of Southwark Smoke Control Order 2009:

Variation of application ref 26/AP/1494 dated 21/07/2026 for demolition of the central chimney stack, replacement of the external render, replacement of all windows and external doors, alterations to the side elevation - closing two existing openings and introducing a new small window - and removal of some internal walls at ground floor level to create an open-plan layout. Condition 1 (approved plans) and Condition 3 (materials) are to be varied to allow the following changes to the approved development: 1. The replacement windows and external doors are to be aluminium framed in place of UPVC. 2. The new small window on the west side elevation is omitted, as it is no longer required. The replacement windows and external doors are proposed in aluminium in place of UPVC, as part of the fabric-first retrofit of the house, which also includes insulated lime render to the external walls. A thermally broken aluminium system provides thermal performance suited to this approach. The change is limited to the frame material. Other than the omitted window, the number, position, size and opening arrangement of the windows and doors are unchanged, as are all other works approved under 26/AP/1494. The amended drawings (Rev P2) show the approved proposal against the amended proposal. Condition 1: Replace drawings A302 REV P1 (West Elevation) and A200 REV P1 (Ground Floor Plan) with the same drawings at REV P2 (as amended), so that the condition lists the REV P2 drawings. All other approved drawings remain as listed. Condition 3: The materials condition to continue to apply, varied so that the replacement windows and external doors are specified as aluminium framed in place of UPVC. All other materials remain as described and specified in the original application and on the approved drawings.
